WELCOME

Good government is the responsibility of all citizens. The more informed people are about their lawmakers and how to communicate with them, the better the outcome. That's why The Exoro Group has partnered with exceptional community sponsors and together publish this directory.

This guide is dedicated to Utah's 104 citizen lawmakers. These unique individuals, from all walks of life, have been elected by their peers to leave their families and jobs for 45 days to debate and decide the state's most pressing issues.

We wish elected officials and associated professional staff well in this 2025 session.
Thank you for your service to our state.
